

Berkshire Archaeological Society News Sheet

January 2016

Looking Back

December 2015 Saturday Meeting

Dr Cathie Barnett described the Mesolithic and Neolithic Archaeology in the Kennet Valley where wandering groups of hunter gathers left scatters of flint debitage to indicate their passing. The estimated speed with which the last Ice Age receded gave us food for thought.

Looking Forward

Wednesday 6 January

2pm RISC

Saxon Berkshire Group

January 16 Saturday Meeting

2pm for 2.30pm

Prof Martin Bell, Reading University

‘The old straight track: identifying and dating prehistoric trackways.

**Did you miss the visit to the Oxford Westgate excavation?
Amazing foundations of a Grey Friars Abbey**

We may be invited again in 2016.

Best wishes for a healthy and interesting New Year!
